### DESCRIPTION

An eclectic and versatile piece that will make a statement in any room of the house, this stunning open cupboard is entirely handcrafted, creating both a unique decorative accent and a precious storage and display space. The top drawer and the 50s-inspired feet are in solid ash, while the open rectangular body is crafted using salvaged solid wood with a 40-mm thickness. The colorful effect is specific to each piece, which can be customized in measurements and hues. This original design is extremely sturdy, thanks to the complex gluing and assembling work it takes to be created.
