CIGARS EXOTIC HUMIDOR

\$6,000

DESCRIPTION

This superb humidor case can store up to about 70 cigars. Its internal structure is in Spanish cedar wood and it is built according to the most recent standards with a highly-precise humidification system. The external cover is in real python skin with a black, matte finish. All the metal handles and pivots have a golden finish. It is possible to order this object with cow leather or other more exotic covers.
