CILINDRO LARGE VASE - GLOSSY - DEEP BLUE

\$2,720

DESCRIPTION

Cilindro is a vase from the Essentials collection designed by Federico Peri for Purho in spring 2021. Created from the starting point of an oval and conical hollow glass cylinder, Cilindro is distinguished by its mouth marked by a pronounced round shaping created during the raw processing when the glass is still white-hot. An apparent irregularity dignifies the lines and gives character to the final product.
