CINQUANTA BLACK AND GRAY ARMCHAIR BY GIO MUSSI

\$3,470

DESCRIPTION

A refined union of modern sensibility and traditional craftsmanship, this elegant armchair will complement mid-century living rooms or private offices. The wood and poplar plywood frame is padded with multi-density polyurethane, covered with Dacron® and nylon jersey and features a non-removable melange-gray fabric cover (NUUR cat. M col. 10) with black leather inserts along the sides of the backrest and on the armrests. Raised on slanted feet in walnut-stained poplar, this armchair features curved backrest, a generous seat and rounded-off armrests that soften the otherwise austere look.
