Gio Aio

CINQUE BLACK SOFA

\$6,765

DESCRIPTION

Coupling minimalism and an unexpected multi-tasking quality, this sofa is obtained by simply interlocking five ("cinque" in Italian) birch plywood boards. Their assembly outlines a practical, wraparound shelf for collecting books while the cushions covered in black eco-leather (or fabric on request) can be removed to allow it to serve as a bed for kids. Soft-touch Fenix® inserts complete the piece. A Caribbean pine is planted with the help of ZeroCo2 with every purchase.
