CISTELLA PENDANT LAMP #3

\$505

DESCRIPTION

Ideally suspended over a round dining table for a warm illumination in rustic decors, this pendant lamp in glazed stoneware boasts a characteristic design borrowed from "cistellas" - a Valencian word for wicker baskets. Stoneware strips are minutely intertwined creating a superb tridimensional texture with resulting fissures through which the light filters for delightful lighting effects. Made-to-order and entirely customizable, please inquire with the Concierge for details.
