CISTELLA TABLE LAMP #2

\$505

DESCRIPTION

Named after the Valencian word for wicker baskets, this table lamp is marked by a neat weft obtained by braiding thin clay strips finally glazed for a soft glossy look. The light emitted from within radiates upwards while gently filtering through the weft's fissures for a delightful light-casting that evokes bucolic, rural atmospheres. Made-to-order, please contact the Concierge for available customization options.
