CITRONNIER WOOD COFFEE TABLE WITH BLACK FINISH

\$4,350

---

### DESCRIPTION

Part of the series of citronnier wood side and coffee tables, this piece was entirely finished in a striking black lacquer, except for the horizontal element that supports the top, that was left with its natural coloration, that is a warm yellow-orange hue. The unique silhouette of the piece plays with the contrasts between straight lines and lightly curved legs, which are accented at the tip with brass details.
