CLASSIC CEILING LAMP

\$1,260

DESCRIPTION

This superb piece was entirely executed using artisanal techniques. The transparent glass shade shows the striking texture of the "baloton", typical of the mouth-blown Murano tradition, with its characteristic lozenge pattern. The glass is encapsulated into a bronzed steel structure that creates a sinuous, elegant shape that will add a touch of timeless sophistication to a classic decor. The lightbulb is a E27 for a maximum of 150W (available also a UL version E26 at a maximum of 60W).
