CLAY BLACK TABLE LAMP

\$2,780

DESCRIPTION

Part of the Clay collection, this table lamp features a geometric silhouette and rigorous proportions that explore the frame of a light fixture, arriving at its essence. This piece is both a functional source of light and a sculptural decorative object that will make a statement on any surface of a contemporary home. Crafted of metal with a black matte lacquer, the square base is the support for two rectangular frames that enclose the cylinder containing the 4.5W 3000K 40° LED integrated source. Other finishes are available, please consult the Concierge for details.
