## CLESSI SMALL VASE

\$160

### DESCRIPTION

Evoking the shape of an hourglass (Clessi is short for "clessidra" which means hourglass in Italian), this small vase was handcrafted of ceramic using traditional techniques with a contemporary aesthetic flair. Composed of two cups connected at the base, the black glaze features two different finishes, matte and glossy, that give the vase a contemporary appeal. A striking accent in any interior, this piece can be used as a vide poche or flower vase on an entryway console, or paired with the larger version as purely decorative accents.
