CLESSIDRA VASE GRAY AND PINK

\$480

DESCRIPTION

Simple lines and timeless allure give this vase, designed by Mauro Fabbro, the perfect versatility to complement any decor. Its hourglass shape is emphasized by its chromatic and graphic aspect. A delicate earth tone gradient radiates from the narrow center of the vase, enhancing the outward movement of both base and neck. Graceful vertical lines are engraved onto the surface of the piece, revealing the natural color of the half refractory white fire clay underneath the enamels. An elegant glossy glazing finishes this vase that will be a stunning addition to any decor.
