COBALTO 2-LIGHT CHROMED WALL LAMP

\$980

DESCRIPTION

Crisp, rigorous lines creating a look of rare sophistication define the silhouette of this elegant wall lamp, spot-on solution to be displayed with its one-light variant for a cohesive look. The supporting wall mount in brass incorporates a decorative frame sharing its same chromed finish, whose reflective potential is exposed by the light emitted from the two bulbs housed in the lampshade in pleated, beige fabric.
