COGNAC GLASS

\$85

DESCRIPTION

A stunning addition to a drawing room, study, or living room, this exquisite cognac glass will accompany relaxing evenings, enriching any occasion with the sophistication of its masterful craftsmanship. The 690 ml-capacity bowl rests on the typically low stem and is magnificently adorned with the head of a stag, completed with majestic antlers and rendered in vivid detail. Both this striking decoration and the simple round pattern on the foot of the piece were etched using the traditional technique of the wheel.
