

LIGHTING : CHANDELIERS

Officina Ciani

CONCHIGLIA CHANDELIER

\$5,390

DESCRIPTION

This magnificent chandelier from the Conchiglia Collection (meaning "shell" in Italian) is defined by a design that evokes an organic shape rendered entirely using hand-bent iron. Composed of two elements, this piece features a large cone inserted in a bottom ring that hosts sixteen LED G9 bulbs. The light reflects upon the drapery of the metal, creating intriguing effects in a modern or eclectic interior. This eye-catching piece can be combined with the sconce from the same series for a cohesive effect.
