CONCHIGLIA CUORE EARRINGS

\$2,310

DESCRIPTION

Crafted of 18k yellow gold, this pair of earrings boasts a timeless and feminine elegance that makes it a superb choice for any occasion. Each post is shaped like a small shell with a detailed texture and it was made using the lost-wax casting technique, with a friction back. The pendants can be detached and feature a top in gold supporting an elongated drop in coral. They can be attached permanently to the posts, if requested. Please consult the Concierge for details.
