CONCHIGLIA GOLD AND EARRINGS

\$2,220

DESCRIPTION

The smooth surface of this superb pair of earrings complements the delicate curves of its shape, which recreates in a simple and sophisticated design the spiraling silhouette of a shell. This piece is part of the Conchiglia collection, boasting different versions with this one being crafted exclusively of gold. The delicate curves of these pieces will create a charming dance while capturing the surrounding light and add sophistication to any occasion.
