CONE SUSPENSION LAMP IN COPPER BY RICHARD HUTTEN

\$1,915

---

### DESCRIPTION

This elegant lamp is part of the Independent collection and was made entirely in copper. Its linear silhouette forms a minimalist cone that projects the light downward, making it a perfect piece to hang over a dining table. The contemporary shape of the piece and the use of copper, with its pink glow, make this an ideal light for a modern home that can be displayed alone or paired with others from the same collection.
