### PORCELAIN CONSTANTINOPLI 9 PLATE

\$100

#### DESCRIPTION

This superb porcelain dinner plate is part of the Constantinopoli collection, that comprises pieces created by Vito Nesta's dreamlike vision inspired by exotic worlds. In this case, the delicate pink of the background is adorned with a central abstract decoration featuring geometric elements and bright colors. Around it a carousel of leopards and lynxes is depicted in vivid detail. A blue rim highlights the edge of the plate, which will enrich the decor of any table and can be also paired with others from the same series.
