### PORCELAIN CONSTANTINOPLÉ 7 PLATE

\$100

#### DESCRIPTION

Part of the Constantinopoli collection and inspired by the lavish style and sophisticated elegance of the Ottoman Empire, this dinner plate is made entirely of porcelain. The deep blue background is adorned with a central abstract element in gold color around which other smaller geometric decoration alternate with figurines of imposing horses and standing Turkish soldiers. A gold band runs all around the rim of the plate, which can be served along identical ones or in combination with other pieces from the same series.
