CONTESSA CITRINO SET OF 2 TEA CUPS WITH SAUCER

\$395

DESCRIPTION

Adding sophistication to an afternoon tea or an after-dinner hot drink, this set of tea cup and saucer is a superb addition to a classic dining room, and can be combined with the other items in the same Contessa collection. Crafted of porcelain with a stunning yellow decoration applied with the precise delacquering method, this set is a stunning homage to Empire style elegance. The delacquering process applies the pattern on the ceramic in negative, with the excess color removed with the use of a brush, leaving room for the gold trim (also available in platinum or pure white).
