GINORI 1735

CONTESSA INDACO SET OF 6 SOUP PLATES

\$720

DESCRIPTION

Part of the Contessa collection, this set of six soup plates was crafted of porcelain and combines its white background with an Empire style-inspired decoration boasting a turquoise color and accents in pure gold (also available in platinum or in the signature Richard Ginori white). This set will enrich a traditional table setting, especially when combined with the other items in the same refined tableware series for a stunning final effect. The pattern is applied in negative and the excess color brushed away by hand, creating a precise design that is timeless and exquisite.
