## CONTRASTI ARMONICI OIL JUG

\$80

### DESCRIPTION

Part of a collection enhancing nature's harmonic contrasts ("contrasti armonici" in Italian), this exquisite oil jug displays a sinuous silhouette that strikes with its stylized, colorful elements, combining human and natural features. Its frame of lathed red terracotta was decorated according to the majolica technique: enameled and painted with color oxides and baked in the oven at a maximum temperature of 930°, for a whimsical and glossy result that will make a statement on any refined table.
