CORALLI SET OF 4 PIECES

\$690

DESCRIPTION

A must-have for women who love accessories with a bold touch, this striking set is composed of four pieces - a necklace, a charm, a choker, and a hoop earring - inspired by the colors of the Mediterranean sea. Offering multiple styling options (worn together or separately) all the items are handmade of gilded and red gilded bronze with sandblasted bronze beads, grey smoky quartz, and rock crystals framing a series of red bamboo corals. A single, light blue vintage lampwork glass bead with hand-decorated floral design adds an eye-catching color contrast. Available also in gold.
