## CORALLI WHITE AND SILVER TABLE LAMP

\$4,910

### DESCRIPTION

This stunning work of functional art is inspired by the majestic jewel of the ocean, the coral. As in a Wunderkammer of the past, this table lamp combines the curiosity for the marine world with a superb hand-craftsmanship and a traditional aesthetic. The result is a superb object that will enliven both a classic and a contemporary interior with a rich combination of the white amphora-shaped base and silver branch. The 7W LED light (100-240V) can be turned on and off and dimmed simply by touching the body of the piece, thanks to a sensor system. For more details, please ask the Concierge.
