COROLLA FRIDA PURPLE SET OF 2 MULTICOLOR PILLOWS

\$225

DESCRIPTION

Romantic and truly unique thanks to the manual "block print" technique used for the printing process, this set of two pillows will immediately set a feminine tone to a restrained armchair or neutral bed throw set. The central flowery decoration emerges from a checkered backdrop blending pink and gray, completed by the artist's signature on the low, right corner. The manual crafting process implies the singularity of every piece.
