COVER DINING TABLE BY GIULIANO CAPPELLETTI

\$4,690

DESCRIPTION

A unique combination of light base and solid top creates this harmonious design that will make an elegant statement in a modern dining room or contemporary office. This table is crafted of solid ash stained in a rich shade of tobacco and features an oval top 3 cm thick and 220 cm long, in wood with an ash veneer. The details in polished aluminum contrast with the warm hue of the wood, while the trapezoid, open frame long 200 cm of the base gives an airy quality to the table. The wood is also available in natural ash, wenge, walnut or lacquered, please inquire with the Concierge.
