CRYSTAL LILIES VASE IN AMBER AND BLUE

\$2,310

DESCRIPTION

The purity and brightness of crystal highlight the stunning design that adorns this exclusive blown blue crystal vase, supported by a circular tiered amber foot. The decorative lilies, executed with the ancient sandblasting technique, where the glass is exposed to a jet of sand and air that erodes its surface to create decorations of great visual effect, adorns the incamiciato glass body of the vase in a graphic gold and deep blue contrast. This masterpiece will bring luxury and class into any decor.
