CRYSTAL VASE IN AMBER AND BLUE

\$4,650

DESCRIPTION

This majestic footed crystal vase is a tribute to sensual femininity. The deep blue color of the blown crystal cup creates an elegant background for the amber female silhouettes that adorn the piece, executed with "sabbatura" technique, a sandblasting process where sand is sprayed on the glass to create an opaque finish. A perfect example of classic design that will highlight and give movement to any contemporary interior.
