## CRYSTALLINE GREEN BRUCO RAMPANTE SCULPTURE

\$360

### DESCRIPTION

Handcrafted of ceramics with a green glaze, this sculpture is part of a collection entitled Pluvianimali inspired by organic shapes. The curved silhouette recalls a caterpillar ("bruco" in Italian), with one side marked by three staggered rows of six trumpet-shaped protrusions that lends it a dynamic look. Either placed horizontally or vertically, the hollow spaces can be used to display flowers or other objects in an impressive and entirely unique visual effect.
