CS CLASS TABLE LAMP IN RED LEVANTO MARBLE BY SID&SIGN

\$6,070

DESCRIPTION

Functional and sculptural in equal parts, this superb table lamp will infuse a refined, artistic character to a contemporary home or office. Expertly handcrafted of Red Levanto marble, the pyramidal base and cube top enclose a handblown glass sphere in a poised balance that, when on, illuminates the striking and dense interweaving of glossy white veins on the deep red background. A remote control allows one to adjust the intensity from bright to a soft glow at will.
