Siru Illuminazione

CUBO TABLE LAMP

\$240

DESCRIPTION

This magnificent table lamp is made in glass that was blown using artisanal methods within a mold. The shade has a delicate dove grey color that was given a satin finish inside to make the light shine throughout it, while also keeping the distinctive gleam of the objects made in Murano glass. This exquisite piece will complement either a contemporary setting or a classic decor. The light bulb is E27 max 60W (also available UL E 26 max 60W).
