**CUCCIA ARMCHAIR**

\$2,140

## DESCRIPTION

This sophisticated armchair will be a standout piece in a modern living room or entryway, thanks to its unique silhouette that envelops with its gentle curves. Entirely made of polyurethane with different densities, its structure rests on a plywood base covered in a protective fabric. The feet are in thermoplastic with non-slip pads and their shade of silver complements the dark grey of the upholstery, which is completely removable for easy care.
