CUZCO CUPBOARD

\$8,640

DESCRIPTION

This refined cupboard crafted in thermo-treated larch wood features a striking geometric pattern of alternating levels and is a perfect addition to any home decor. The lengthy thermo treatment process yields durable wood fit to produce a multitude of products. Two doors open up onto a spacious interior, perfect for storing large items. Two additional drawers allow for the storage of smaller items. This sophisticated piece of furniture will enhance a modern decor.
