CUZCO STORAGE COLUMN

\$5,420

DESCRIPTION

This elegant tall storage column was crafted entirely in thermo-treated larch wood. The thermo treatment process is a lengthy process involving the heating and drying of the wood resulting in a durable product. The 6 doors of the tall cabinet, adorned by geometric patterns, open up revealing a spacious interior equipped with 1 drawer for the storage of smaller items. This piece can perfectly fit into any room in the house elevating the interior and creating a sophisticated decor.
