LIGHTING : TABLE LAMPS

Nicola Falcone

CYCLOPS TABLE LAMP

\$2,850

DESCRIPTION

The Cyclops Table Lamp, made of brass, copper and alabaster is inspired by the Cyclops figures of Greek mythology, the giant divinities with one eye. The hammering of the copper dome, combined with the soft light of the alabaster, creates an elegant and relaxing lighting effect. Entirely hand crafted, it is ideal for both modern and classic living spaces.
