D'AUTORE CANDLE HOLDER BY ETTORE SOTTASS

\$1,610

DESCRIPTION

Part of a series of modern candle holders designed by legendary Italian architect Ettore Sottsass for the Del Conte, a company now acquired by Braganti, this piece is entirely made in silver and features a contemporary allure that will make it suitable to both classic and modern settings. The round base supports the shaft, made up of four elliptical elements whose gentle curves end in another disk-like shape that supports the candle holder.
