

LIGHTING : TABLE LAMPS

Siru Illuminazione

DADO TABLE LAMP

\$790

DESCRIPTION

In the shape of a cube impossibly balancing on one of its corners, this table lamp is a celebration of artisanal craftsmanship and contemporary style. Its silhouette is created by a bronzed steel structure that encapsulates the Murano glass shade, mouth-blown directly into it and treated with a white finish on the inside to ensure the maximum diffusion of light. The lightbulb is E27 max 100W. Available also in UL E26 max 60W.
