DAFNE OVAL SERVING PLATE

\$680

DESCRIPTION

Part of the Dafne collection of handmade porcelain dinnerware, this oval serving plate can be used to complement the entire series for a magnificent effect, or can be displayed alone as a stunning centerpiece. This collection was first introduced at Milan Design Week 2018 and its delicate allure is inspired by the elegance of Renaissance and Baroque art. This eclectic interpretation of classic design boasts a white background adorned with irregular spots of pale blue and pink with dots of gold leaf, which occurs also in the refined garland around the rim.
