DAFNE SET OF 2 DESSERT PLATES

\$505

DESCRIPTION

This exclusive set of two porcelain dessert plates is part of the Dafne Collection, named after one of the six halls at the Galleria Borghese in Rome and inspired by Renaissance and Baroque art. The bold yet delicate gold leaf decoration around the rim evokes a garland of stylized flowers juxtaposed to a densely mottled motif hand-painted in dappled pink and blue spots. The white center is enlivened by pale blue and pink dots with tiny black specks for increased chromatic depth.
