DALIA NIGHTSTAND

\$1,110

DESCRIPTION

Particularly stunning when paired with the Margherita and the Ibisco Chest of Drawers, this nightstand is part of a series of charming mid century-inspired pieces that will create a romantic and sophisticated ambiance in any home. Entirely made of walnut, with wenge details, it is similar to the Hoya Nightstand but, unlike it, it features four slanted feet. A striking carved geometric decoration adorns its front panel.
