## DAMASCUS BRASS CANDLE HOLDER

\$170

### DESCRIPTION

A sophisticated and modern accent for a living room, entryway or study, or to adorn a contemporary dining table, this elegant candle holder combines a cylindrical body in brass with a mouth in steel. The standout feature of this striking object is its surface that was polished and bronzed by hand on a naked flame to obtain the unique hues that enliven it. Entirely handmade to order, this piece can be combined with the others in stainless steel and copper.
