DARK PINK MAO POUF BY VIOLA TONUCCI

\$1,500

DESCRIPTION

This unique pouf is included in Artemest's exhibition Stranger Pinks presented at the 2018 Fuorisalone during Milan Design Week, which showcases exclusive, all-pink, handcrafted pieces by a select group of designers. Made of full-grain leather in a dark shade of pink, the piece is expertly folded like an origami to fashion a cat-inspired silhouette. Two side zippers and a multilayered wooden base help the pouf maintain its distinctive shape. This refined yet practical piece can be used as an extra seat, side table, or ottoman in a modern living room or bedroom.
