DARREL CHAIR

\$2,580

DESCRIPTION

Elegant and timeless, this piece will complement a modern and vintage-inspired dining room or living room and can be a charming accent piece in an entryway or bedroom. Its ash structure features four tapered legs supporting an enveloping backrest, connected to the seat with a curved element. The textured fabric on the outside of the piece complements the solid brown of the internal upholstery, which is in the same shade of the smoke finish of the wood.
