DE-LUX A8 FLOOR LAMP BY GIO PONTI

\$1,215

DESCRIPTION

This floor lamp was created from archival drawings designed by Gio Ponti, who envisioned a series of modular lighting fixtures that now are part of the series De-Lux, a collection of strong visual impact that combines clean lines and modern materials. The structure of this floor lamp is in aluminum with a finish in silver and comprises a thin element that stems up from a small conical shape in an elongated cone that becomes the shade. With its sense of movement and minimalist shape, this piece can be a striking sculpture when off and a superb light source when on.

DETAILS & DIMENSIONS

- Material: Aluminum
- Dimensions (in): W 8.66 x D 8.66 x H 72.83
- Dimensions (cm): W 22 x D 22 x H 185
- Handmade In Italy
