DEA TABLE LAMP

\$1,240

DESCRIPTION

This stunning piece of functional decor will complement a contemporary interior and create striking lighting effect on its surroundings. Supported by a ceramic cube base, the lamp is an asymmetric sphere made also of ceramics with a gold finish and vertical grooves perforated in several areas. From each hole the internal light projects a series of rays creating a unique ambiance. Either on a console in the entryway, or on a side table in the living room, this piece will make an elegant statement and can be combined with the Cos Table Lamp and the Bea Table Lamp.
