DECÒ CANDLE

\$480

DESCRIPTION

A unique sculpture and a precious addition to both a contemporary and a classic decor, this stunning candle is inspired by the geometric decoration gracing the elegant furniture of Art Deco style. The amber-colored bowl is carved by hand using the cold-inlay technique and enclosed in a dark-colored frame. Entirely crafted by hand, this piece is made of refined paraffin wax. The delicate scent that it releases when lit is obtained with the use of natural essential oils, whose fragrance can be enjoyed also when the candle is not in use.
