Ornella Bijoux

DECÒ PINK AND BLUE BROOCH

\$230

DESCRIPTION

Inspired by the rigorous lines and bold character of the Art Deco style, this brooch was made entirely by hand with brass that was given a gold finish. The round and angular shape of the piece was crafted using brass triangles and molten glass stones mounted in brass that feature oval and round cut shapes and strikingly complementing colors that make a statement, adding dynamism to the piece. This brooch is completely nickel-free.
