La Fucina di Efesto

DESPINA 8/50

\$3,960

DESCRIPTION

The Despina 8/50 is an original piece of functional decor fashioned from a single iron sheet that is cut and bent by hand to form hooks of different sizes. The bands that curl outwards reveal a hammered brass surface whose warm color blends harmoniously with the uneven tones that the polished iron will reveal over time, conferring each piece a unique aesthetic. Available in four different finishes, please ask the Concierge for details in these options.
