## DIAMANT GATSBY SIDEBOARD

\$13,380

### DESCRIPTION

Showcased in a minimalist living room or dining room, this low and wide sideboard is a stunning statement piece that will enrich any decor with its functional charm. A piece of great visual effect, this sideboard seems suspended between two square side panels that support the entire structure crafted entirely of wood with a striking high gloss finish. The front features two side doors and three central drawers accented with chromed metal details. A convenient tray with six compartments entirely lined with gray microfiber is accessible from the middle drawer with a push-to-open system.
